The Facts

The revolutionary Danish designed Hero Camper is an incredibly robust teardrop trailer, which provides the setting for your next adventure. Hero Camper liberates you from everyday life – a perfect outdoor product that opens your door to real nature experiences with comfort.

The extreme rugged and full insulated fiberglass cabin is fitted with high-quality memory foam-mattress, shelves, drawers, ambient LED-lighting and much more equipment, which put a crown on your next outdoor adventure. The fully equipped kitchen with in-house designed sink in stainless steel and freshwater tank provides perfect cooking facilities on the road.
